## The Perche Sarthois, a listed *Pays d'art et d'histoire*

**THE VARIED LANDSCAPES AND RICH HERITAGE OF THE PERCHE SARTHOIS ARE NESTLED BETWEEN PARIS AND BRITANNY, NORMANDY AND THE LOIRE VALLEY CHATEAUX... OFF THE BEATEN TRACK.**

**But we are happy to share our secrets with you.** Some twenty years ago now, the Perche Sarthois tourist board set out to highlight its heritage and the efforts were rewarded when the area was awarded the national "Pays d'art et d'histoire" label in 1998. Founded in 1985 by the Ministry of Culture and Communication, the title is awarded to towns or areas that make the most of their heritage. There are currently 184

towns and areas that bear the label. It is awarded for research, conservation and vulgarisation of local architecture and heritage. The idea is that the general public should feel that their local heritage is just that - theirs - to be proud of and to take care of.

**Our tourism experts offer a varied programme of events:** guided tours, surprise tours, shows, hikes etc. Let them show you the many sides of the Perche Sarthois. Take in the landscapes, try your hand at traditional building techniques, learn all about age-old crafts such as ceramic and glasswork or just stop for a moment and contemplate the old town of La Ferté-Bernard, the heritage villages of Montmirail and Saint-Calais or one of the many châteaux or churches with their magnificent stained-glass windows.

# Old towns & Petites Cités de Caractère

## The historic centre of La Ferté-Bernard.

Built on a marsh area in the 11th century, the oldest part of La Ferté-Bernard jealously guards its treasures between two branches of the river Huisne. Enter the old part of town via the Porte Saint-Julien and the rue d'Huisne. Take a look at the sculpture pointing the way to the courtyard named cour de la Chaussumerie. A little further on, the 17th-century Courtin de Torsay mansion house stands opposite Notre-Dame-des-Marais. The church is particularly remarkable. Its Gothic architecture and Renaissance interior are of great historical and artistic interest. The church was disproportionately large in relation to the town in the 15th and 16th century. A few steps away, the 17th-century fountain marks the entrance to rue Carnot with its half-timbered houses that flank the 16th-century covered market, always a sign of a prosperous town. Round off your tour of the old town with the old château and the chapel of Saint-Lyphard.

**NESTLED IN A VALLEY OR STANDING PROUD ON A HILLTOP, THE HERITAGE TOWNS AND VILLAGES OF THE PERCHE SARTHOIS BECKON VISITORS. STROLL AROUND THE OLD STREETS, WANDER ALONG THE BANKS OF RIVERS AND CANALS AND TAKE IN THE SPLENDOUR OF YOUR SURROUNDINGS.**

If you prefer not to walk, you can also see the sites from an electric boat on one of the canals, or hop aboard the tourist train. The "Let us tell you about the heritage of La Ferté-Bernard" brochure and the schedule of guided tours is available at the tourist office [C1], tel. +33 (0)2 43 71 21 21, [www.tourisme-lafertebernard.fr](http://www.tourisme-lafertebernard.fr)

**Electric boat rides on the canals:** in May, June and September at weekends and on bank holidays from 2.30pm to 6.30pm. In July and August: every day from 2.30pm to 6.30pm. Cost: adults €5.10, children €3.60.

**Tourist train:** in May, June and September at weekends and on bank holidays from 3pm to 7pm. In July and August: every day except Tuesday from 3pm to 7pm. Cost: adults €3.20, children €2.70.

THE 16TH-CENTURY COVERED MARKET, LA FERTÉ-BERNARD

**Saint-Calais and the Resource Centre.** Make the most of your time in Saint-Calais and visit this heritage village (Petite Cité de Caractère) and its monuments, the church of Notre-Dame, the covered market and the banks of the Anille.

**The Resource Centre** comprises a library with ancient documents and a museum. The library has some 10,000 volumes ranging from an illuminated book of hours to travel books. The museum is reminiscent of a 19th-century curiosity cabinet. It presents elements from Elie Cotereau's natural history cabinet and rear admiral Gigault de la Bedollière's travel cabinet. A 7th-century shroud that once enveloped the relics of Carilephus, founder of the abbey, is also on displays.

**Museum-library:** open on Wednesdays from 10am to 12.30pm and 3pm to 6.30pm and the first Saturday of each month from 10am to 12.30pm. Free. Guided tours: Saint-Calais culture department, tel. +33 (0)2 43 35 63 03. → Resource centre, place de l'Hôtel de Ville. St-Calais [C3].

**Montmirail and the castle.** The heritage village of Montmirail lies at the foot of the castle and is contained within fortification walls. The buildings are largely of the same period and their homogeneity is emphasised by the materials used: brick, limestone and lime cladding coloured with local sands. The views from the castle, perched high on its belvedere, are breathtaking. Follow in the footsteps of the princess of Conti or Henry Plantagenet and wander around the underground tunnels, the arms room and the 18th-century living quarters. Take a step back in time and feel as if you were an onlooker at the conference between the kings of France and England and Thomas Beckett.

→ Open on Sundays and bank holidays from 1 May to 15 September from 2.30pm to 6.30pm. Every day except Saturday from 1 July to 15 August from 10.30am to 12.30pm and 2.30pm to 6.30pm. Entry fee: adults €6, children aged 14-18 €4, children aged 5-13 €3. Visit of the grounds: €3.
